

Community of Practice webinar – Wildfire Risk Assessment: Learning from Regions

Date: 11 December 2025

Time: 10:30 – 12:00 CET

Platform: [Zoom](#)

Description

This webinar is the second in the new hazard- and workflow-focused series. The session will highlight how European regions are applying and adapting the CLIMAAX Wildfire Workflow within their CRA processes.

Participants will gain insights into how regional teams have assessed wildfire hazard likelihood, exposure, and vulnerability, and how the resulting analysis informs local adaptation planning and risk management strategies. The webinar will also provide a space for interaction between regions and Toolbox developers, supporting shared learning and reflection on workflow usability and flexibility.

Agenda

10:30 – 10:35 | Welcome and introduction

Moderators: Fulvio Biddau (CMCC)

- Welcome, housekeeping, and introduction of agenda and speakers.

10:35 – 10:50 | Introduction to the Wildfire Workflow
