

# Community of Practice webinar – Flood Risk Assessment: Learning from Regions

---

**Date:** 19 February 2026

**Time:** 10:30 – 12:00 CET

**Platform:** [Zoom](#)

## Description

This webinar is the third in the hazard-specific and workflow-focused series. It focuses on river flood risk assessment highlighting how European regions are applying and adapting the CLIMAAX toolbox within the CRA framework.

Participants will gain insights into how regional teams have assessed river flood hazard likelihood, exposure, and vulnerability, and how the resulting analysis informs local adaptation planning and risk management strategies. The webinar will also provide an interaction opportunity between regions and Toolbox developers, supporting shared learning and reflection on workflow usability and flexibility.

## Agenda

### 10:30 – 10:35 | Welcome and introduction

Moderator: Maria Katherina Dal Barco (CMCC)

- Welcome, housekeeping, and introduction of agenda and speakers

### 10:35 – 10:50 | Introduction to *River flood map* and *River discharge Workflows*

Speaker: Natalia Aleksandrova (Deltares)

### 10:50 - 11:00 | Introduction to the building damage and exposed population Workflow

Speaker: Gloria Mozzi (CMCC)

### 11:00 – 11:25 | Risk assessment based on floods maps and future discharge scenarios for planning adaptation: the Pesaro case study

Speakers: Gaia Galassi and Francesca Sini (Regione Marche)

### 11:25 – 11:50 | Panel discussion and Q&A

Moderators: Fulvio Biddau, Maria Katherina Dal Barco, Majid Niazkari (CMCC)

- Discussion with panelists on challenges, lessons learned, and recommendations
- Audience Q&A

### 11:50 – 12:00 | Closing remarks and next steps

- Key takeaways
- Information on upcoming events
